

## LEVER-LOCK DRUM 200 X 75 MM BORE 12.7 MM

Lever pulleys are made of sturdy cast aluminum and balanced to reduce vibrations.

- The 75 mm edge is covered with sponge rubber.
- The locking area is threaded for an endless screw vise. Simply loosen to remove the old abrasive and tighten again to fix the new one.
- This drum comes with a wet/dry abrasive cloth of 220 grit already installed.
