

LISA PAVELKA EMBOSSEING CUTTERS - HOLLY LEAF

Lisa Pavelka's embossing cutters are ideal for creating beautiful embellishments, accents, or jewelry components from moldable mediums including: polymer, metal, and air dry paper clays. These versatile tools can be used to cut out the desired shape in seconds with beautiful, consistent results time after time. You can cut out using only the outline, leaving the surface flat and unadorned, or emboss the surface with a push of the spring-loaded plunger. Create stunning effects on polymer and air dry paper clays using Lisa Pavelka's Signature Series Foils, decorative powders, metal clay and or water-based paints. Dimensions: diameters 25, 30 and 35 mm.
