

## HEGNER MULTICUT SE FRET SAW

The Hegner Multicut SE is the advanced version of the Multicut 2S, equipped with a finely ground cast iron table and integrated electronic variable speed (400–1400 rpm). Its grey cast iron construction ensures maximum stability and durability, while the 100 W continuous-duty motor delivers reliable performance. With a solid table and continuous speed control, this scroll saw is perfect for precision work on wood, metals, plastics, and foams.

### Key features

- Robust grey cast iron frame
- Continuous-duty 100 W motor
- Finely ground cast iron tilting table 45°/12°
- Electronic variable speed 400–1400 rpm
- Adjustable blade tension with quick-release system
- Central dust extraction port Ø 35 mm

### Technical specifications

- Throat depth: 460 mm
- Cutting height: 65 mm
- Worktable: 435 × 230 mm, tiltable 45°/12°
- Blade stroke: 2 options, 19 and 12 mm
- Dimensions: 610 × 280 mm
- Motor: 230 V, 100 W, 400–1400 rpm
- Weight: approx. 23 kg
- Max cutting capacity: softwood 65 mm, hardwood 50 mm, aluminium 15 mm, brass/silver 10 mm, iron 6–8 mm, plastics 40 mm, foams 65 mm

### Instructions of usage

- Mount and secure the blade properly
- Adjust blade tension
- Set electronic speed between 400 and 1400 rpm
- Switch on the motor and guide the workpiece on the tilting table
- Use the dust extraction port to keep the area clean

### Included accessories

- 1 set x 76 quality blades
- 2 blade clamps 0.7 mm with screws
- 1 special clamp for internal cuts
- 1 plastic insert table for precision cuts
- 2 spare rollers for quick-release lever
- 1 tool set for adjustments + manual
