

ARNOLD ARNI BENCH BURNER

The Arnold Arni 7-jet professional torch is designed for flameworking, beadmaking and detailed glasswork. It delivers a precise, even and quiet flame, ideal for fine decorations and consistent heating. Independent gas and oxygen adjustment offers full control, while the cast-iron base with ball joint ensures smooth and safe positioning. Compatible with the Drive 10 L oxygen concentrator (#53521).

Key features

- Even, controlled flame for fine detail
- Independent gas/oxygen inlets with knob adjustment
- Extremely quiet operation
- Cast-iron base with adjustable ball joint
- Compatible with Drive 10 L concentrator
