

FUSING MOLD - CASABLANCA DISH 1 15,9 X 15,9 X 2,4 CM

Casablanca' is an elegant series of dinnerware including 9 different shapes and sizes for an exquisitely decorated dining area. This large serving bowl for salads, fruit or pasta will attract everybody's attention and impress your guests.

The reduced design quality makes this mould also ideal for artwork in general or even an ceiling lamp. You could try and fuse identical pieces from two contrasting colours as the steep angle of this mould will reveal the bottom colour on the sides.
