

EMBOSSING TOOL - 2 TIPS

This double-ended steel stylus is purpose-built for repoussé and embossing on paper, thin metal and leather. A rounded ball tip gently lifts surfaces, while the cone tip cuts crisp lines and textures. Measuring 18.5 cm overall, it delivers confident control for artists, crafters and jewellers seeking precise, professional-grade detail work. **Key features**

- Hardened steel dual tips (ball & cone)
- Ideal for embossing, tooling and stippling
- Works on paper, foil, leather and polymer clay
- Lightweight anti-slip handle

Technical specifications

- **Overall length:** 18.5 cm (7.3")
- **Tip material:** stainless steel
- **Tip count:** 2 fixed
- **Power:** manual use only
