

DELUXE LEATHER STITCHING PONY

This unique solid table top lacing pony is made in Japan from the finest lacquered wood and is designed to be used on your table top.

The clamp swivels 360 degrees and can be tightened in any direction with the wooden boss nut that is designed so that thread will not catch on it. The wide arc of the nut also ensures easy tightening and loosening. Also located on the side are two powerful magnets that you can rest your needles on when you're not working, reducing the chance of tangled or damaged thread and injury from needles in a convenient, compact package. Finally this table pony has four non-slip vinyl feet to ensure a good grip to almost any surface.

This lacing pony will last a lifetime and, treated well, will retain its resale value for years to come.

It measures, 28cm in height, with the jaws being 7cm in width, the throat is 22cm deep. The base is 15cm x 20cm.
