

TALENS GOUACHE EXTRA FINE SET MIXING 5 TUBI 20ML

Set of 5 extra fine gouache paints in convenient ready-to-use aluminum tubes. This set contains essential colors for mixing, whether you are learning about colors for the first time or you are ready to create your own custom colors. The tubes come in a sturdy cardboard box with convenient color samples. **Features**

- Talens Extra Fine Gouache is a highly pigmented paint with a matte finish.
- Although gouache is popular among artists and designers for its intense opaque colors, it can be made slightly more transparent by adding water.
- Gouache is made with a high concentration of high-quality pigments and dextrin-based, giving the paint a smooth consistency and reducing its surface gloss.
- Use gouache to create uniform and opaque color blocks, without visible brush strokes.
- Mix colors with water to dilute them, blend them, and create smooth color transitions.
- Gouache is not waterproof once dry, meaning you can reactivate the colors with water after they have dried.
