

H PLUS 20 KILN

H PLUS 1280 Kiln - 30 Liters The H PLUS 1280 Kiln is a semi-professional tabletop kiln, perfect for workshops, schools, and hobbyists. It features a 30-liter firing chamber fully lined with refractory bricks for perfect and consistent temperature uniformity. Equipped with digital automatic cycle control, with indicator lights showing the program functions. The hinged door with quick lock ensures practical and safe use.

Main Features:

- Electrowelded steel structure with anti-corrosion treatment.
- Multi-layer interior coating to absorb moisture and prevent condensation.
- Heating elements made of Kantal A1 for uniform and long-lasting firings.
- Type S temperature probe for temperatures up to 1300°C.
- UC51 controller with 9 programmable cycles and the possibility to set 12 different temperatures for each cycle.
- Automatic restart in case of power failure.
