

THE GRINDER 2 - PROFESSIONAL GRINDER

Space saving design with whisper quiet operation. This state of the art grinder features a 290 x 240 mm work surface. The removable water tray makes cleaning easy and fast. Features a powerful motor, Aqua Flow System, stainless steel bit guard, built-in accessory drawer, plus a 19 mm premium long-lasting grinding bit. 5 year manufacturer warranty.

Key features

- EZ-View windows and lift grid lets you check water level without removing the work surface
- The patented and uniquely designed main grid includes supports and baffles on the underside to stabilize work surface and limit water movement during tray transport
- Unlike other grinders, the water reservoir comes equipped with a removable water tray which can be easily emptied and cleaned after use. With handles on each side, the lift-out tray makes cleanup simple and safe. Eliminate carrying the entire grinder to the sink or potentially spilling its contents on floors and work surfaces.
- Accessory drawer and tray insert keeps your extra bits safe and right at your fingertips
- Removable 3-prong cord meets international standards
- 5 year limited warranty
- Works with both 110 and 220 V

Also works with Brilliant and Proglass Grinder Bits.

You can add accessories (sold separately):

- The Guard 2 Splash Curtain **#51310**
- The Mini G Elevated Work Surface **#51311**
