

BEAVERCRAFT C1 - SMALL WHITTLING KNIFE

This razor-sharp wood carving knife is great for whittling, general woodworking, and handicrafts. It is the perfect tool for different wood carving projects.

Key Features:

- The knife is hand-made from high carbon steel, hardened and well sharpened.
- Sharpening the knife allows you to cut both soft and hard wood.
- The handle of the knife is made from Ashwood, well-polished and covered with natural linseed oil.
- Suitable for both for right- and left-handed.
