

WT228 STAMPLER + 200 STAPLES

WT228 Stapler + 200 Staples: Heavy-Duty Staple Gun with High Capacity Function

The **WT228 Stapler** is an extremely robust staple gun, designed to offer versatility and high performance. Equipped with a removable base, this stapler easily transforms into an ideal tool for high-capacity stapling jobs. Perfect for DIY projects, office tasks, and crafting, it ensures precise and reliable fastening thanks to its automatic jam release mechanism and compatibility with staples of various sizes.

Main Features:

- **Heavy-duty staple gun:** Built with durable plastic to ensure long-lasting performance for all your stapling needs.
- **Removable base:** The stapler easily converts into a high-capacity stapler, adapting to a wide range of applications.
- **Automatic jam release:** Equipped with a jam release mechanism for uninterrupted use.
- **Compatible with multiple staple sizes:** Uses 4 mm, 6 mm, and 8 mm staples to accommodate various fastening needs.
- **Staple dimensions:** Staple thickness of 0.7 mm, outer width of 13 mm, inner width of 10 mm.
- **Comes with 200 staples:** Ready to use with an initial supply of 200 staples included in the set.

Why Choose the WT228 Stapler?

- **Versatility and convenience:** Perfect for high-capacity stapling jobs thanks to the removable base and ability to use different staple sizes.
- **Reliable performance:** Durable construction and automatic jam release ensure trouble-free operation even with intensive use.
- **Ready to use:** Includes 200 staples, making it an ideal, complete solution for your stapling needs.
