

SILICONE CARTRIDGE GUN IDEAL STAR 240 MM

The Ideal Star "Extra" silicone cartridge gun is designed to deliver strength, control and durability for both professional and DIY sealing applications. The powder-coated sheet metal rotating cartridge holder ensures stability, while the ergonomic cast-aluminium handle provides comfort during extended use. The reinforced push-lever mechanism increases force, and a cleaning needle for cartridge nozzles is included. **Key features**

- Rotating powder-coated cartridge holder
- Ergonomic powder-coated aluminium handle
- Reinforced push-lever mechanism for extra power
- Integrated needle for nozzle cleaning
- Suitable for silicone, acrylics and sealants
