

METAL RING FOR DECORATION

Metal rings are the basis for many sophisticated home decorations.

- They can be covered, decorated, knotted, to tie garlands or other
- Wire approximately 3.5 mm in diameter
- They form the basis for many decorations, such as dream catchers, mandalas, bells, lamps, macrame works and much more.

Material Note: The paint on these rings may have small unpainted parts. Unfortunately, these imperfections cannot be avoided due to the manufacturing process. The size of the metal rings may vary by a few millimeters due to the manufacturing process.
