

DRAWING FOLDER IN KRAFT CARDBOARD

The **ECO Starline Large Format Folder** is made from 1.5 mm thick, non-deformable, FSC-certified kraft board, ensuring both quality and sustainability. Equipped with a flat elastic band, it is perfect for storing and transporting large documents. The fold and central scoring allow for variable thickness to accommodate different loads. It features two flaps welded inside with 2+2 rivets for added stability. Available in two versions:

- **35 x 50 cm** with a 4 cm spine and flat elastic band
- **50 x 70 cm** with a 2 cm spine and corner elastic bands

Main Features:

- **Sustainable material:** FSC-certified, non-deformable cardboard
- **Flat or corner elastic bands:** For secure and practical closure
- **Large formats available:** Ideal for large documents
- **Welded internal flaps:** Provide stability and protection for the contents
