

NABERTHERM KILN TOP 60/L

The Nabertherm Top 60/L electric kiln is a single-phase, de-rated 2.9 kW unit offering a 60 L chamber and reaching 1200 °C, perfect for hobbyists and small studios with a standard 3 kW household supply. Recessed coils in firebricks and ceramic-fiber insulation ensure even heating and energy efficiency, while lockable castors and the AC590 touchscreen controller with Wi-Fi add convenience. **Key features**

- Recessed heating coils for uniform heat
- Firebrick + ceramic-fiber lining for low heat loss
- Shock-resistant stainless-steel exterior, easy to clean
- Embedded thermocouple for precise control
- Lockable castors for easy mobility
- AC590 touchscreen controller, 50 programs, Wi-Fi "Conny"

Technical specifications

- Power supply: 230 V~, single phase, 2.9 kW, Schuko plug
- Chamber volume: 60 L
- Maximum temperature: 1200 °C (recommended firing ≤ 1150 °C)
- Controller: AC590, 6.8" touchscreen, 50 programs, Wi-Fi
- Construction: firebrick + ceramic-fiber; stainless-steel shell; lockable castors
- Accessories: kiln furniture set ordered separately
