

NABERTHERM KILN NW 200

The Nabertherm NW 200 chamber kiln features a three-side pull-out drawer, 200 L capacity and a 1300 °C top temperature; five-sided support-tube heating ensures professional uniformity for stoneware, porcelain and glass, while the robust stainless frame, optimized airflow and MyNabertherm Solar Mode maximise efficiency. **Key features**

- Pull-out drawer with 3-side access
- Even five-sided heating
- Service-friendly support-tube elements
- Protective SiC hearth
- Fast, optimized ventilation
- MyNabertherm app with Solar Mode

Technical specifications

- Power supply: 400 V, 3-phase, ~12 kW
- Chamber volume: 200 L
- Maximum temperature: 1300 °C (continuous ≤ 1230 °C)
- Heating: 5 sides; pull-out drawer loading
- Double CLP-free insulation; stainless door
- Controller AC590, 50 programmes, Wi-Fi/USB
