

SIO-2 - MARTE STONEWARE CLAY RED 0-0.5 MM CHAMOTTE

Unleash your creativity with SIO-2 Marte – the red sculpture clay made for artistic ceramics!

This stoneware clay with 40% fine grog (0-0.5 mm) offers a rich texture and excellent performance during drying and firing. Perfect for sculpture and decorative murals, it develops deep red tones with increasing temperature.

Main Features

- Fine grog 0-0.5 mm (35 Mesh)
- Great plasticity (IP 18)
- Carbonate-free (CaCO₃ 0%)
- Fired bending strength: 31 N/mm²
- Porosity at 1260°C: 8.6%

Benefits for you

- Natural textured surface
- Intensifying red tones with temperature
- Stable drying and firing behavior
- Ideal for sculpture and wall art

Get your hands on SIO-2 Marte and shape your artistic vision with premium clay!
