

## ROUND WAX TUBE WITH CENTRAL HOLE

Discover the Matt™ wax ring tube, with a round profile and centered hole to streamline carving and ensure professional results. **Main Features:**

- Round profile with centered hole for quick mounting on mandrel
- Basic band shape to reduce material removal time
- Blue wax (bendable up to 90° at 1/8") and Green wax rigid for detailed carving
- Available in two outer diameters: 27 mm and 33 mm
- Inner holes approximately 16 mm diameter
- Tubes length 152 mm
- Pre-milled and calibrated wax tube, free of pits and air bubbles
- True corners and edges for clean, precise carvings

### Benefits for You:

- Speeds up prep work and boosts efficiency
- Blue wax ideal for flexible designs and curves
- Green wax perfect for intricate carving and milling
- Professional-grade quality for flawless finishes
