

LOOP TOOLS FOR CLAY THROWING

These ribbon tools are designed to contour, trim, and remove controlled amounts of clay from sculpted and wheel-thrown pieces. The stainless steel ribbon loops provide clean, precise cuts, while the tapered, polished hardwood handle offers a comfortable and secure grip. Durable and easy to clean, they are suitable for regular studio use and available as a 6-piece set or as individual tools.

Key features

- Stainless steel ribbon loops for controlled clay removal
- Suitable for sculpting and wheel-thrown ceramics
- Tapered, polished hardwood handle for easy grip
- Durable construction, easy to clean
- Available as a 6-piece set or individually
