

ABIG RUBBER ROLLERS SCHOOL SERIES

ABIG ink rollers provide a cost-effective and reliable solution for primary and secondary schools, classroom workshops and creative education. Ideal for linocut, letterpress and lithography (ink application), they ensure even ink distribution and ease of use. The high-quality rubber is water-resistant and, with some limitations, oil-resistant, making them well suited for educational environments. **Key features**

- Water-resistant and partially oil-resistant rubber
- Strong yet lightweight nickel-plated steel construction
- Integrated legs to keep the roller off the surface
- Plastic or aluminium core preventing moisture absorption
- Quick removal for easy cleaning

Technical specifications

- Roller diameter: 20 mm or 30 mm
- Available widths: 60 mm, 90 mm, 120 mm, 150 mm
- Rubber thickness: 3 mm (60 mm) / 4 mm (90–120–150 mm)
- Inner core: plastic or aluminium
- Handle: nickel-plated spring steel

SKU F008115
