

DEKA PERM-DECK - PAINTS FOR DARK FABRICS

Deka Perm-Deck - The opaque fabric paint for dark materials

Let your imagination flow creating stylish t-shirts, sweatshirts or other clothes. DEKA-PermDeck offers brilliant, clear and intense tones and is perfect for designing and painting on jeans. Experience the wonderful feeling of creativity with our magnificent colours. Material pockets and fabric curtains are made brighter, more diverse and best of all, more happily. Very suitable for printing, stenciling and drawing. Designing and printing with DEKA-PermDeck using the potato transfer method provides hours of pleasure. **Product Features**

- Maximum opacity
- Soft touch
- Clear, intense tones
- Mixable
- UV resistant
- Washfast at temperatures up to 60°C
- Water-based

INSTRUCTIONS

- Stir well before use.
- Use only on fabrics free of sizing (including fabric softener).
- Remove sizing with DEKA-TextiFit.
- Place cardboard between fabric layers to prevent bleeding.
- Apply with a hair or bristle brush. Avoid multiple layers to maintain washfastness.
- Mix with Deck White 23-92 for lighter pastel shades.
- Test and wash on a fabric sample first.
- Wash tools with cold water immediately after use.
- Iron on the wrong side for 3 minutes to set the paint.
- Wash at 60°C on delicate cycle with gentle detergent. Wash painted jeans inside out.
- Accidental spots are permanent and cannot be removed.
- Mix only with DEKA-PermDeck colors. Different DEKA products can be used side by side.

DEKA paints and dyes have represented excellent quality in the hobby and craft field for more than 90 years, thanks to intensive laboratory research and careful choice of raw materials. DEKA combines top quality with progressive environmental consciousness.
